EMPOWERING GROWTH

LEADERSHIP TEAM

Founded and promoted by Anil Jagasia in year 1986, the other core members at Savex include Jayant Goradia-Managing Director, Devang Pandya-CTO & Director, Raunak Jagasia-Director Enterprise Business & Alliance, Mahendra Wahile-Director, Saurabh Naik-Director, and Atul Gaur-Director.

Mr. Anil Jagasia
Founder & Chairman

Founder of Savex, Anil is an Alumnus of VJTI Mumbai and a Rank Holder. With 39+ years of industry experience, Anil is a First Generation Entrepreneur. Always smiling and adored by his employees, he loves being outdoors. You will find him briskly walking every morning on Marine Drive to see the sunrise and catching the wind on his sail boat every evening off Gateway.

Mr. Jayant Goradia
Managing Director

Jayant Goradia, Managing Director with 37+ years of industry experience. An Alumni of IIT Bombay, seeks perfection in every department and is the most approachable person. He is also a director at Technology Distribution Association of India (TDAI). He is also passionate about Indian music and loves to travel in his free time.

LINE CARD BY BRAND

Vendor/Brand Name	Product Segment
Accops	An integrated digital workspace solution that combines virtual desktops, secure remote access from any location, device and multi-factor authentication.
Altos	Acer Inc. is a Taiwanese multinational hardware and electronics corporation. It produces a wide range of devices including PCs, monitors, and gaming gear, and ranks as the world's sixth-largest personal computer vendor by unit sales.
Altos	High-performance computing and server solutions, offering enterprise-grade servers, storage, and AI-driven computing for data centers, cloud, and business applications, interactive flat panels (IFP).
Avaya	Unified Communications & Collaboration, Communications Platform, Contact Centre Solutions, Communication Devices & Phones, Video Conferencing.
Alteryx	An end-to-end analytics automation platform that empowers organizations to prepare, analyze, and operationalize data using advanced analytics, AI/ML, and automated insights at enterprise scale.
BenQ	Projectors, Large Format Displays.
Bose	Lifestyle Audio Products - Headsets, Sound Bars, Speakers, Home Theatre.
Checkpoint	Cyber Security Solutions.
Cloud	Software solutions drive transformation and innovation across global enterprises. Through our portfolio, Cloud Software Group enables customers to succeed, partners to grow, investors to realize long-term value, and employees to make an impact that matters.
Citrix	Digital Workspace Applications, Virtual Desktop Solutions, Network Security and Management, Performance and Productivity Analysis Solutions
Cohesity	Backup & Recovery Solution, Purpose Built Backup Appliance, Object Storage, File Shares, Cloud Data Protection, Backup Analytics.
Cato	Cato Networks delivers secure, cloud-native networking by unifying SD-WAN, Zero Trust access, and threat prevention into a single global platform.

LINE CARD BY BRAND

CommScope

An end-to-end connectivity solutions provider delivering wired and wireless infrastructure innovations that power smart buildings, data centers, and next-gen broadband networks.

Direct Data Networks

A leading AI data intelligence platform that powers high-performance computing, AI factories, and enterprise-scale data infrastructure for the world's most demanding workloads.

D-link

Networking Active and Passive Products, CCTV, Switches, Rack Enclosures, Adapters

Delta

Uninterrupted Power Supply (UPS), Active Power Filters, Data Center infra-structure solutions – Micro data centre, Power Distribution Unit (PDU), Rack Power Distribution unit (rPDU) and Static Transfer Switches (STS). UPS ranging from 600 Va to 120 KVA

Dyson

A technology-driven brand reinventing home and personal care through advanced engineering in air purification, vacuum cleaning, and hair care powered by proprietary motor and airflow technologies.

Everpure

An intelligent, unified storage and data management platform eliminates silos and downtime, automates operations, and shrinks risk. Built to scale across all AI, hybrid cloud, and mission-critical workloads.

Fortinet

Security, Firewall, Networking Switching, Wifi, Cloud Security.

Freshwork

Freshworks is a leading customer and employee engagement SaaS company which specialize in Omnichannel, Bots, Self service ticket, Sales Execution CRM, Marketing Automation and ITSM solutions.

Fujifilm

A global technology company renowned for its digital and instant cameras, as well as its extensive innovations in medical healthcare, graphic systems, and advanced electronic materials.

Hammerspace

Software defined storage platform, data orchestration, multi-node NAS solution supporting protocols like NFS, SMB and S3 for file and object unification, data movement between tiers, sites and clouds. Designed for workloads like AI/ML pipelines, GPU workloads, Media rendering etc.

HFCL

A Make in India company, empowers next-gen connectivity with comprehensive telecom and networking solutions. Specializing in fiber optic cables, advanced Wi-Fi, and 5G-ready infrastructure 13, HFCL delivers reliable, high-performance

LINE CARD BY BRAND

HP Enterprise

Industry Standard (x86) and Unix servers, Storage, Hyperconverged Infrastructure, Composable Infrastructure, Enterprise Software and Services, LTO Tape Drive.

HP India

Storage Media, Consumer Desktops/AIO, Commercial Desktop/AIO, Consumer Notebooks, Commercial Notebooks, Commercial Workstations, Thin Clients, AIDC POS, Laser Printers, Scanners, Plotters, Ink & Toner Cartridges, Barcode Scanners, POS Receipt Printers, Inkjet Printers, Ink Tank Printers, Photo Print-ers, Print Accessories, Ink Bottles, Accessories, Care Pack, TFT Monitor.

HPE Aruba

Instant-On, Access Points and Switches, Routers, Airwave, Clear Pass, SD-WAN

HPE Greenlake

Consumption-based IT model, Deliver the Best of both Public Cloud and on-premises IT, bring cloud speed, agility and an as-a-service model to where your apps and data are today.

Infinidat

Enterprise/Data Storage Solutions.

IBM

A global technology leader delivering enterprise-grade solutions across hybrid cloud, AI, data, server, storage and security. They help organizations innovate and optimize operations to drive large-scale digital transformation.

Kaspersky

AI-driven cybersecurity with real-time threat detection, automated protection, and centralized control to prevent data breaches.

Lenovo

Consumer Desktops/AIO, Commercial Desktops/AIO, Consumer Notebooks, Commercial Notebooks, Commercial Workstations, Tablets, PC Accessories.

Lenovo Data Centre

INTEL Servers, AMD Servers, Thinkagile -Nutanix, VM Ware and Microsoft Products and Services, Hyperconverged Solutions, Certifying Nodes and High Performance Computing, Big Data Analysis, AI Products and Orchestration layer.

LG Electronics

Large Format Displays, Commercial TV.

Logitech

Keyboard, Mice, Headsets, Presenters, Speakers and Microphones.

Microsoft

Microsoft CSP program enables businesses to deliver Microsoft cloud services, including Azure, Office 365, and Dynamics 365, with flexibility and scalability, enhancing customer experience.

LINE CARD BY BRAND

Motadata

Unified Networking Monitoring Tool, Log Management, Asset Management, Service Desk & Managed Services Platform.

Maxhub

Maxhub is a leading provider of innovative collaboration solutions, specializing in interactive displays, conferencing systems, and smart office technology.

Miko

AI-powered learning robots designed for children, combining education, creativity, and responsible AI with a strong focus on safety, privacy, and trusted interactions.

Nutanix

Offers a unified platform that seamlessly integrates infrastructure and management to enable smooth operations of data and apps across clouds.

Okta

Leading IAM platform offering secure SSO, MFA, and user lifecycle management with seamless app integration, ensuring protection against credential threats.

Poly

A premium conferencing products, headsets, desk phones, analytics software and services, easy to use and work seamlessly with all the best video and audio conferencing services.

PeopleLink

A provider of enterprise audio-visual and collaboration solutions, helping organizations build secure, compliant, and seamless communication ecosystems.

Silver Peak

A networking and security company—now part of Aruba, a Hewlett Packard Enterprise company—that provides advanced Software-Defined Wide Area Network (SD-WAN) solutions.

Scality

Scality ARTESCA, object storage software for S3 applications is designed for fast deployment and easy management on virtual machines or standard servers.

Samsung

Mobile Phones, Mobile Accessories, Tablets, Enterprise Mobility, TFT/LCD Monitors, LFD Display, Consumer Electronics.

Seceon

Real-time, AI-driven threat detection and response platform that auto-eliminates threats using dynamic models and machine learning.

Solace

Event Mesh, Event streaming and Management platform, Event broker with Appliance/Software & Cloud.

LINE CARD BY BRAND

Solarwinds

Comprehensive IT monitoring suite with tools for network, server, application, database, and storage performance, including traffic analysis, configuration, and log management.

Ubiquiti

Indoor - Outdoor Active Products, GPON, Security Surveillance, IP Telephony, Solar Solutions.

VAST

VAST Data Storage - High-performance and all-flash enterprise Storage solution, Multi-node scalable storage, Capacity Scalability in Exabyte. Single system for file (NFS, SMB & Object). It is designed for large-scale unstructured data workloads like AI, analytics, HPC and media processing.

Veeam

SaaS based Backup Solutions (On premise and Cloud) -VMware, Hyper-V, Physical (Windows, Linux, Mac), Cloud (AWS EC2 Instance) and Office 365 & G Suite.

Vantageo

An Indian manufacturer (OEM) that designs enterprise-grade infrastructure, including high-performance servers, AI-accelerated GPU platforms, and mission-critical data center hardware.

Vertiv

Networking Racks, UPS products, Thermal Management, Network Monitoring and Management Solutions.

Zoho

A global software company providing cloud-based business tools like CRM, email, and video conferencing. Its user-friendly, affordable solutions enhance productivity, streamline operations, and ensures data security.

Zoom

AI-powered cloud platform for the modern workplace with video meetings, Zoom Phone, chat, events, rooms, contact center solutions - with an open platform for custom app integrations.
